The Harrison Beautification Foundation, Inc. has been newly re-established to beautify our town, bring business home and improve our quality of life. Thanks to everyone who came out to support our premier fund raising effort. The dreams we have will now begin to become a reality.

Look for our illuminated winter snowflake display this season. In the spring, some new gateway signs will be up welcoming people to our town. In addition to this, with the help of many volunteers, we have planted many flowers that will be blooming as a sign of the town's rejuvenation. We'll soon be adding memorial parks and benches and pedestal clocks to the landscape.

We will need your continued support. Please spread the word. There is magic in believing; seeing is believing. As you look around and notice the renaissance beginning, be sure to point it out to those around you. Working together we will enhance our community and bring it to the prestigious heights it deserves.

STEPHEN MALFITANO
Supervisor - Mayor

Dear Fellow Supporter,

It is my pleasure to welcome you to the Harrison Beautification Foundation's inaugural event. The "Renaissance of Harrison" is truly an inspired name as Harrison *is* undergoing its own renaissance. We are making great strides in the beautification of our wonderful community and we owe much to the dedication of the members of this Foundation, who have volunteered their time tirelessly on our behalf. Please enjoy the silent auction and bid generously. Beautification is something that benefits all of us equally.

Margaret Mead said, "Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has." I couldn't agree more.

Thank you again for your generosity.

Sincerely,

Stephen Malfitano

Harrison Beautification

F o u n d a t i o n , I n c .

It started with a suggestion and a smile. I remember Maria Gisondi's suggestion that we should have a ball and the smile on Camille Gladstone's face when she said, "How about a Snowflake Ball?" I'm not sure when the idea hooked me, but it was her smile that reeled me in. Her smile, and everyone's enthusiasm... we kind of propelled each other along wanting to do a fundraiser, needing to do a fundraiser and finally, succeeding at having a fundraiser. Our first. How appropriate! *The Renaissance of Harrison.*

For so long, people would come to town and see a need for beautification. Helen Pesce, a relatively new Harrison resident, was very instrumental in helping to reestablish the foundation. She and I wanted everything done yesterday. Baby steps. His Honor, Stephen Malfitano, would caution us to take one step at a time. His unwavering support for our group of volunteers, The Harrison Beautification Foundation, Inc., was not only encouraging, but necessary for us to keep moving forward. Every once in a while he would have to remind us that Rome was not built in a day. You see, we are not your average group of volunteers. We are several, strong people with one common goal: to help unearth the jewel of Harrison.

We made a commitment. Our first success, which was accomplished by the Harrison Beautification Committee, will be on display this year from November to February as Harrison twinkles the evenings away with our new winter decoration, the snowflake. The streets of our business districts will be aglow with beautiful crystal snowflakes. We did this and we will do more, much more, thanks to all of you who have helped to make our evening a success.

As the snowflakes elicit smiles in the winter, the daffodils lift spirits in the spring. The planted gardens throughout our town and the beautiful, memorial teak benches all evoke a feeling of pride in those of us who live here. It is OK to want our town to shine. It is OK to want it to be beautiful. There is comfort in seeking out a place where we can just sit and enjoy the beauty around us. It is OK to take the time from our busy lives and reflect on the beauty that nature provides us with. Take a child by the hand and show him the first flowers of spring. Eventually, he will be the one to plant the bulbs in the fall.

Please continue to support our efforts. We have the drive and the passion; and, with your help, we will have continued success.

Thank you for helping us bring the beauty back home.

Dear Friends of the Harrison Beautification Foundation, Inc.,

Communities are revitalized when citizens from all backgrounds unite to help improve life for themselves, their families, their communities. The wealth of skills and talent that lie within the people of Harrison is great. We need every person old and young alike to actively participate in improving our diverse Town/Village and make it even better.

Being part of an attractive neighborhood increases a sense of pride and civic participation. We have an impressive list of ongoing beautification projects that are designed to enhance our daily lives and create a positive legacy for future generations.

Commitment of time, energy, and resources at all levels is key to achieving our goals. Our community should mirror our collective values and be spread amongst many shoulders to ensure long-term success for all of us.

We are at the beginning of a very uplifting phase in Harrison's history. The Renaissance has begun. As you see the flurry of our initial efforts illuminate the business districts throughout down town Harrison, West Harrison and Purchase, We hope you are blessed with the realization that there is no place like home.

Thank you for sharing our passion to beautify our environment.

Sincerely,

Maria Gisondi and Camille Gladstone

The following people have worked tirelessly to make this evening possible. Special thanks are in order.

Helen Pesce, whose expertise on the computer and countless hours was responsible for this wonderful journal. Helen, you're a jewel!

Maria Gisondi, for creating the buzz, managing the \$, for her expert guidance and suggestions in the event planning arena, constant encouragement and hospitality. Maria, you were the beacon we followed.

Camille Gladstone, for generating so much energy and hype and whose experience as a fundraiser and experience as a journalist brought us where we are tonight. Camille, your smile, confidence and stamina kept us going through it all.

Rose Marino, for her fundraising help and for our treasured slogan, "*My Town, My Pleasure*". Rose, your wit and humor were our pleasure.

Virginia Leone, for your fundraising efforts and journal support. Virginia, it's tough work to balance a career and fundraising. You did a terrific job!

Lisa Sciliano, for all the behind the scenes work from the very beginning and our liaison with the WHNA. Lisa, Snowflakes in W. Harrison, can you believe it?

Christine Baldoni, for her help with the media exposure and this last push to pull it all together. Chris, your experience has been priceless through the home stretch.

Sharon Ferraro, who with Chris and Camille, has managed to make sense of all of our donations. Sharon, you took a very difficult job and ran with it: Great, great job!

John Stubenvol, whose experience with graphic design produced our beautiful invitations and our GORGEOUS logo. John, get ready, we're planning a newsletter.

The Honorable Stephen Malfitano, whose support made our beautification efforts possible. Steve, take a deep breath, we're already thinking about the next one.

Commissioner Robert Wasp, who leads our Department of Public Works and manages to get things done in a timely fashion. Bob, what can I say? You're just a wizard!

DPW Employees, who are always there when we need them to help us plant, water, and install everything from tulip bulbs to teak benches and SNOWFLAKES!!! Florinda, Kelly, Elenore, Nach, Mike and crew, we couldn't do it without you.

Harrison Beautification Committee, whose decoration sub-committee of Camille Gladstone, Maria Gisondi and Barbara Malfitano, was responsible for selecting the beautiful snowflakes we will see in town this month. Their selection was presented to and approved by the Town Board for purchase. Guys, you're the source behind the illumination of Harrison!

Jim Shanahan, who worked so hard under pressure to print our journal. Jim, your support is greatly appreciated.

To all the volunteers, too many to mention, for all of their help with donations and journal ads. See the results of your efforts!

To All, a very heartfelt THANK YOU!!!

Denise
